DETAILED ACTION

Election/Restrictions

1. Applicant's election with traverse of claims 1-46 in the reply filed on 1/10/2006 is acknowledged. The traversal is on the ground(s) that the non-elected claims include subcombination of the independent elected claims. This is not found persuasive because the groups are separate and distinct and would place an undue burden on the examiner.

2. The requirement is still deemed proper and is therefore made FINAL.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 1 and 2 rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant

Art Unit: 1713

regards as the invention. Claims 1 and 2 recited R^H, R^S and R^{CL} that are not part of a structure in the claims.

5. Claims 1-2 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

6. Claims 3-46 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
